In my lit tle ship From out- er space I came It
came to find my school but I found much more Your
was a rea- lly long trip Scal- ly is my name I
world is rea- lly cool It's just what I'm looking for
Scal- ly is my name and learn- ing is my game I came to the Earth to see what I could see I
flew to the Moon and trav- elled to the Sun But all I rea- lly want to know is
are we hav- ing fun? I made two friends that day
Beth and Sam's their names They taught me how to play A
load of rea- lly cool games I came in search of words To show what peo- ple
do Like walk and run I heard and lots of oth- ers too Scal- ly is my name and
learn- ing is my game. I came to the Earth to see what I could see I
flew to the Moon and trav - elled to the Sun But all I rea- lly want to know is
are we hav- ing fun? Yeah! Are we hav- ing fun? Yeah! Are we hav- ing fun?
